

ANNUAL REPORT

2021-2022

BAHARU HASIMPUR HUMAN WELFARE SOCIETY

Vill.: Hasimpur, P.O.: Baharu, P.S.: Joynagar, Dist.: South 24 Pgs,

Pin-743372.

Reflection's from the Secretary:

Dear Friends:

I would like to convey my heartfelt gratitude to our members, Staff Members, well-wishers for helping us in all respects in the matter of Social Welfare activities and development action for the community by serving the poor and marginalized people. Our organization has been doing multidisciplinary activities since its inception with good factors. The people's trust to us is our viaticum of our journey.

To translate the mission is not very easy and everyone and any organization have to cross the hurdles of the journey to translate the mission. Continuous resource crunch, local problem etc. were a part of it. Inspite of this we made all our efforts to accomplish the task set to achieve the goal of unfolding human resources and other educational, physical and economic aspects of development.

This attempt has become effective to make the people participatory in nature for identifying their own problems, needs, opportunities and resources for generating development alternatives. Promotion of co-operation, adoption of technologies and alternative development scales to promote entrepreneurial attitude and skills were some of the basic areas of HPSWSmission, while planning for achieving the objectives.

2021-2022 our organization has made its best efforts for implementation of development activities in rural areas.

We have enough confidence, courage and firm determination to combat the maladies; we need to be capacitated more for further promotion of our society.

With Thanks to all,

Secretary

VISION:

In the long run the organization aspires a society where the people will have livelihood security and must live with peace, dignity, equal justice, mutual trust, love and affection, mutual respect, sisterhood and brotherhood and with gender equity.

MISSION:

The organization, through its activities for sustainable development, would aspire to become a value based organization, a good service provider to the community members at its operational area mostly inhabitant by the poor and marginalized section of population by organizing the people for united effort to achieve assured livelihood security by harnessing local and natural resource development.

ROLE:

In fulfilling the aspired mission and to ensure effective people's participation the organization shall assure the role of

- Facilitator, motivator, communicator
- Implementer through facilitation
- Lobbying and advocacy

OBJECTIVES:

- Women development to avoid gender discrimination and to create a society with equal opportunity for all
- Child welfare and education
- Promotion of education for the communities and other backward communities including schedule caste, schedule tribe and Minorities.
- Providing preventive, promotive and curative health care services for the community people stressing on women and children in specific.
- Undertaking livelihood enhancement entrepreneurship program for the SC, ST and backward communities.
- Imparting Vocational and Skill development training for both rural men and women with a view to make them self-supportive.
- Early detection, treatment and education of disabled children
- Establishment of residential hostels for working women and school going girls
- Educational reconstruction through informal education, adult education, crèche and other special education.
- Providing preventive, promotive and curative health care services for the

people in general and women and children in specific

The Following Specific Activities Have Been Accomplished During The year Under Report: 2021-22

Awareness Programme :

As per our experience and observation regarding our voluntary social service it has been seen that awareness plays a vital role in generating consciousness among the people for a cause to achieve a aspire.

Following are some steps taken by **BAHARU HASIMPUR HUMAN WELFARE SOCIETY** in creating realization about awaking people regarding their thoughts, to change their basic myths, ignorance and etc.

Following are some of the programmes which are been undertaken by the society;

- Anti Drug
- Mother and Child Care
- Women Empowerment
- HIV/AIDS
- Safe Drinking Water
- World Health Day
-

Health Programme:

The health programme was established as a home for curing the deprived and underprivileged. With encouragement from the local community, and support from well-wishers, the programme as it exists today steadily developed to become a charitable dispensary.

Today the "clinic" has developed into a diverse community health programme with an emphasis on health promotion, enabling people to care for their own health with improved awareness through health education, and integrated health and development at the village level. We continue to provide care in our clinics for nearly three thousand persons monthly.

The current programme is a holistic blend of allopathic and homeopathic care/cure offered with loving kindness and compassion to India's most impoverished families and communities. The programme encompasses the following services:

- a general allopathic clinic along with homeopathic clinic
- an allopathic medical practice for the management of tuberculosis, diabetes, HIV/AIDS, heart disease and other chronic and complex problems
- a mobile health programme serving villages in remote areas where there are inadequate health services

- an integrated Reproductive and Child Health Programme targeting women and children, offering health promotion, disease prevention, monitoring of growth and development in children
- an integrated, village-based health and development programme which focuses on creating village health committees which consider ways to improve health awareness and health practices in their villages
- a training programme for village health workers and traditional birth attendants
- a computerized data-base tracking patient visits, diagnoses, treatments and progress

Social Programme:

The role of BAHARU HASIMPUR HUMAN WELFARE SOCIETY and their participation in social welfare activities for underprivileged schedule caste families has been recognised by the people both as an important resource as well as to emphasis that social problems and social issues require active participation of the community, The policy of the BAHARU HASIMPUR HUMAN WELFARE SOCIETY has been not merely to implement social welfare activities but also to promote, stimulate and develop them and to provide opportunities to train their manpower so that the commitment of community is mobilised for the well-being of the community. The investment in programmes also helps the Organisation to join the mainstream of national concerns and national programmes which are intended for the well-being of the under-privileged sections of society.

Book Distribution to Poor Student:

We recognize education as the main instrument that empowers individuals to make informed choices, resist subjugation & claim their rights, besides opening new possibilities & opportunities for themselves. The philosophy of our organization is based on the belief that each child deserves an equal opportunity for total development. With this belief we have distributed school bags to the poor students to encourage them for their study.

Training Programme :

Under this project, various training programmes have been conducted for the capacity-building and skill development of the rural people. All the trainings are need based, resourced based and location specific. Glimpses of such training programmes are given below:

Community Health Worker

Disaster Management

Basic Health Training

Agriculture Training

Training for rural people can be diverse in nature – the main aim is to strengthen their skills and labour to increase their productivity and income of marginalized households. Gender ameliorative training, on the other hand, aims at building capacities of women in the conventional entrepreneurship training but not their position vis-à-vis men. Such ameliorative training based on an acceptance of existing social structures and traditional development objective aims at capacitating women the techno-managerial aspects of micro enterprises and thereby improving their economic condition but leave social issues such as how to deal with male resistance / oppression within the families and in the markets or exploitation by middlemen touched.

The approach seeks to integrate the society into development efforts through such measures as improving their skills, increasing their access to credit, land etc.

Notable Day Celebration:

In this year we have observed the birthdays of Dr. B.R. Ambedkar, Rabindranath Tagore, Gandhiji, Swami Vivekananda and Netaji Subhas Ch. Bose and the notable days like World Environment Day, Independence Day and Republic Day to make the beneficiaries and the people understand the significant of remarkable Days and its importance in our day to day life for Nation Building.

Games & Sports Programme:

In recent years India's effort in world football has been very poor. Though there are considerable interest in the game. **BAHARU HASIMPUR HUMAN WELFARE SOCIETY** promote sports for the next generation of players from a state to the West Bengal Premier League. The South 24 Pgs. region are full of keen and often talented young players and while the passion never fades, the opportunities to play and develop in a well-structured environment are very limited.

"Learn the moves of the great players" is the motto of **BAHARU HASIMPUR HUMAN WELFARE SOCIETY**

Sports programme. The future of soccer depends on imaginative and effective coaching. In order to produce exciting, skilled players who are attack - minded, skills and attitudes must be

learned at a young age through constant repetition. Some of the skills of the India's greatest and best technical players are the basis of this coaching method. What better models can young players have?

OUR APPEAL

To continue our ongoing programmes and to implement its future plans the organization needs huge funds and technical support from individuals or agencies. The organisation needs support to continue its noble endeavour and to bring smile on the face of deprived, subjugated, innocent and helpless people especially children and women who are in difficult circumstances.

You may please send your donations in the form of Cheque / Drafts in favour of;
